Paychex Business Insurance Services and Support

Paychex Insurance Agency is ready with the coverage you need, when you need it. We offer a full range of insurance solutions to equip you with the appropriate coverage. We can also coordinate your payroll and insurance coverage to provide automatic payments, instant notifications, and more. Our aim is to help you:

- Ease your administrative burden through a variety of payment solutions
- Work with the Nation's top, A-rated carriers.

Workers' Compensation

Our workers' compensation payment service helps businesses control the cost of large, up-front premium deposits, reduce audit risk, and improve cash flow. Our report service helps you maintain control over your workers' compensation costs.

Business Owners Policy (BOP)

This insurance combines your general liability, property, and a variety of other coverage into a single plan that's generally more affordable than if you purchased each coverage separately.

Commercial Auto Insurance

This policy covers physical damage and liability for amounts, situations, and usage not covered by a personal auto policy. It also covers a variety of vehicles.

Umbrella Policy

This extra layer of liability insurance protects you from losses above the limits of existing insurance policies, such as general business liability and commercial auto insurance.

Employment Practices Liability Insurance (EPLI)

In the event an employee brings an employer related claim against a company, EPLI can help with the defense cost and damages the insured and their business may incur.

ERISA Bond

To comply with the Employee Retirement Income Security Act of 1974, plan sponsors must understand the bonding requirements and ensure that the bond they purchase satisfies them. Paychex Insurance Agency can help you apply.

Cyber Liability Insurance

This policy can help cover costs associated with cyberattacks or other technology related risks such as lost income, litigation, and expenses associated with a breach, including notification and monitoring.

About Paychex Insurance Agency

Paychex Insurance Agency is a full-service agency offering flexible, scalable insurance solutions for business owners and their employees, working with more than 300 national and regional insurance carriers to design services that make insurance more affordable and easier to manage.

For more information contact:

Charlie Ditrino
