Enhancements to ETHRA Public Transit Service – Micro-Transit Coming!

East Tennessee Human Resource Agency (ETHRA), is pleased to announce the added option of micro-transit services with MachE Mustangs in Morristown and Hamblen County, Tennessee.

Beginning late 2026/early 2027, ETHRA will be implementing new enhancements of transportation.

An app based, on-demand service and Micro-transit service! A new tech-enabled, on-demand shared transportation service that operates in the space between fixed-route public buses and private ride-sharing. Using smaller vehicles like vans or shuttles, it uses dynamic routing based on real-time passenger demand. The mustangs are easily recognizable and will also utilize the mobile app for bookings, payment and notices. The rider also has the ability to view en-route. Riders can book trips in real-time via a mobile app or a dispatch phone number. The ETHRA app gives the rider more control of booking, reservations, time-management and review of services offered, all in one easy app, right from their phone!

Flat-rate charges within a 3-mile radius of a center point of Main Street of Morristown, will only be \$5 each way. Outside of the micro-transit bubble (Main Street/Morristown), the costs are \$7 each way within Hamblen County. Payment for rides accepted via credit/debit card on the handy app. Much like a ride-share option, but for Morristown/Hamblen County!

This new added feature in public transportation will enhance the existing public transportation that ETHRA offers. Hours of operation will be 7 AM to 6 PM, Monday – Friday, excluding all federal holidays.

While this new service will completely be app based, riders who need or require ADA assistance can still be offered service via one of the transit vans or buses.

The dispatch office can be reached via phone at 1-800-232-1565. Scheduling and Reservation staff hours are from 8 AM until 6:30 PM, Monday through Friday. Riders may also schedule trips through the mobile app 24/7.

Micro-Transit Survey/Feasibility Study

East Tennessee Human Resource Agency (ETHRA) Transportation is conducting a public survey to solicit public feedback! This public survey will help us understand your transportation needs and preferences and inform the feasibility study to identify whether this type of service is realistic and sustainable for the communities of Morristown/Hamblen County.

Thank you in advance for your participation.
